January 24, 1976

Dear Mr. Weisberg,

I wrote to the National Enquirer for information on the assassination of President Kennedy. They told me to write you for more information. I would be grateful if you could give me all the information on the autopsy report, and the shooting itself. I would enjoy hearing your point of view of who shot and wear the shots came from when John F. Kennedy was killed. My address is:

Paul Harvey
1760 Ayers Road
Concord, California
94520

Thank-you very much for your time, effort, and information.

Sincerely, Paul Harvey

The only way I can respond to your request, was is pretty sweeping, is to refer you to the books I write. ~~this~~ This is why I have gone into debt to print them - so the information may be available. HW 1/28/76
